ACROSS

- 1 Dune plant that smells like vanilla.
- 4 Protective mammal that lives in a burrow like a desert tortoise.
- 5 Leeward (down-wind) side of a dune.
- 7 Native Americans once ate the stem of this plant.
- 8 What dunes are made of.
- 10 The number of riders allowed on most ATVs.
- 11 Snake that can travel as fast as 3 mph.
- 13 Wooden road in south dunes built in 1915.
- 16 Anyone making jumps needs one of these.
- 18 What every ATV rider needs while riding.

DOWN

- 1 Noisy amphibian that spends 9 months underground.
- 2 What you should NEVER, ever do.
- 3 A device used to find your position on earth.
- 6 The name of the desert the dunes are found in.
- 7 Spider relative that glows blue under a blacklight (ultraviolet light).
- 9 Name of ancient lake believed to be the source of the dunes.
- 12 What is packed in, packed out?
- 14 What every OHV needs when traveling in the dunes.
- 15 A lizard who may call to you, perhaps, in the spring.
- 17 Some lizards lose this to avoid predators.
